This highly original study brings together the disparate histories of murder and enlightenment, prostitution and the cult of nature, sodomy and sentimentalism in order to retell the story of the making of the modern self. It suggests that the history of the self needs to attend more to its class dimensions, and puts this insight into practice by examining the influence of the criminal courts in spreading and negotiating changing ideas of the self. Using criminal interrogations and witness statements, Trials of the self shows that an increasing stress on psychological depth in the late-eighteenth and early nineteenth centuries was not only important for elites, but also for common and illiterate people - sometimes even more so. The author takes us on a journey into the past, investigating thirteen true stories of the dark side of local history. Drawing upon years of original research, often uncovering new clues, learn some of Western New York's most shocking crimes. Warrior State of Mind Winning the War Within invites you into the author's mind, heart and soul as she battles her own private war within. BOOKGASM REVIEW "With sharp writing and a crisp design to match, the anthology makes a strong case for 2009's best. It's only Comet Press' third release, but already, the small-press label has distinguished itself as a reliable name brand. Pick it up, if you've got the balls." —Rod Lott The true crimes of one of nineteenth century England's most notorious thieves and killers, whose exploits still capture the public's imagination. Once immortalized in Madame Tussauds's Chamber of Horrors, and brought to life in two silent films, his gnarled and prematurely aged features would be the last image his victims ever saw, yet ironically, he was known by the name of Peace. A grotesque figure who took on many names and many faces, he could slip into the home of an unsuspecting family with the silent stealth of a cool night time breeze, and leave without a trace. Spending his nocturnal hours limping through the dirty streets with villainy on his mind, and impishly disappearing into the industrial smoke that hung over Victorian Sheffield like a perpetual storm cloud, this devil wrote his own place in the folklore of his hometown. Committing one gruesome crime after the next, he was the most wanted man in England for a time. Tales of burglary, murder, daring escapes, and a truly shocking miscarriage of justice feature in Charlie Peace along with moments of lost love, damaged pride, and violent revenge. Ben W. Johnson's biography tells the chilling story of a man who turned to crime through necessity, but consciously chose to continue in an ever spiraling life of wickedness. "A chilling chronicle of local true-life murders that reach back into the long-forgotten seamy history of Worcester County" (Vitality Magazine). The bucolic image of central Massachusetts belies a dark and sometimes deadly past. Grisly crimes and grim misdeeds reach back to colonial settlement in Worcester County, from an escaped slave hanged for rape in 1768 at the Worcester jail to the Sutton choir singer

convicted of drowning his wife in 1935. Henry Hammond's 1899 suicide and the others that followed shook Spencer residents to their cores. Some crimes still grip the imaginations of residents, while others have faded from collective memory. Author Rachel Faugno investigates this sinister history. Includes photos! Roderick de Normann investigates how the SS were able to murder a non-Nazi prisoner, and terrorise a Scottish POW camp during World War 2. Scotland Yard and the military authorities hunted down the guilty eventually and they were hanged in 1945. Collected together in a single collection for the first time are twelve stories of mystery, murder and mayhem by master story teller Edgar Wallace. Edgar Wallace wrote more than one hundred fifty novels and seven hundred short stories. He is best known for writing the original King Kong script just before his death. Perhaps the most prolific author of all time. Following the great success of 2015's Gothic Fantasy, deluxe edition short story compilations, Ghosts, Horror and Science Fiction, this latest in the series is packed with hard-boiled detectives, monsters, psychopaths and a high body count. Tales of death and destruction from classic authors are cast with previously unpublished stories by exciting contemporary hardcore crime writers. Classic authors include: Ambrose Bierce, Steen Steensen Blicher, G.K. Chesterton, Wilkie Collins, Charles Dickens, Dick Donovan, Arthur Conan Doyle, William Hope Hodgson, E.T.A. Hoffman, Robert E. Howard, W.W. Jacobs, Franz Kafka, Rudyard Kipling, H.P. Lovecraft, Edith Nesbit, Edgar Allan Poe, Arthur B. Reeve, Robert Louis Stevenson, Bram Stoker, Ethel Lina White, Oscar Wilde. David B. Sachsman and David W. Bulla have gathered a colourful collection of essays exploring sensationalism in nineteenth-century newspaper reporting. The contributors analyse the role of sensationalism and tell the story of both the rise of the penny press in the 1830s and the careers of specific editors and reporters dedicated to this particular journalistic style. Divided into four sections, the first, titled "The Many Faces of Sensationalism," provides an eloquent Defense of yellow journalism, analyses the place of sensational pictures, and provides a detailed examination of the changes in reporting over a twenty-year span. The second part, "Mudslinging, Muckraking, Scandals, and Yellow Journalism," focuses on sensationalism and the American presidency as well as why journalistic muckraking came to fruition in the Progressive Era. The third section, "Murder, Mayhem, Stunts, Hoaxes, and Disasters," features a ground-breaking discussion of the place of religion and death in nineteenth-century newspapers. The final section explains the connection between sensationalism and hatred. This is a must-read book for any historian, journalist, or person interested in American culture. 'It wasn't only Britain's biggest heist, it became the bloodiest' Mail on Sunday The inside story of the 20th century's most lucrative armed robbery. On 26 November 1983 six armed robbers escaped with £28 million worth of gold bullion from a Brink's-Mat warehouse at London's Heathrow Airport. The Curse of Brink's-Mat reveals the pulse-racing full story of the crime itself before moving to its chilling aftermath, which still reverberates to this day. The heist made the careers of many of the underworld's biggest names, and changed the face of British crime forever but in the years that followed the robbery, many of those involved, innocent and guilty alike have been sent to an early grave. Two decades on, the death toll is still rising. Nobody knows more about that extraordinary morning's events than Wensley Clarkson. Nobody is better placed to track the vicious, violent and unexpected waves that followed in its wake or bring to life its cast of larger-than-life characters. From small-time crime in south-east London, to 'the heist of the century' and its bloody consequences, Wensley Clarkson's The Curse of Brink's-Mat is an epic tale of villainy, gold and revenge. To clear his name of a murder charge, former thief Rook Stevens must turn to the last man he'd expect to help him--Detective Dante Montoya. This book tells the story of the conflict from 1636 to 1645 between Cambodia and the Dutch East India Company (VOC), which has the dubious distinction of being history's first conflict between a mainland Southeast Asian state and a European power. It affords a glimpse into the largely unknown period in Cambodian history between the fall of Angkor in the mid-fifteenth century and the arrival of the French in the late-nineteenth century. This disturbing book reveals the extent of the truly shocking activities of the Kempeitai, Japans feared military and secret police. The book opens by explaining the origins, organization and roles of the Kempeitai apparatus, which exercised virtually unlimited power throughout the Japanese Empire. The author reveals their criminal and collaborationist networks, which extorted huge sums of money from hapless citizens and businesses. They ran the Allied POW gulag system which treated captives with merciless and murderous brutality. Other Kempeitai activities included biological and chemical experiments on live subjects, the Maruta vivisection campaign and widespread slave labour, including 'Comfort Women drawn from all races. Their record of reprisals against military and civilians was unrelenting. For example, Colonel Doolittles raid on Tokyo in 1942 resulted in a campaign of revenge not just against captured airmen but thousands of Chinese civilians. Their actions amounted to genocide on a grand scale. The author backs up his text with first hand testimonies from those survivors who suffered at the hands of this evil organization. He examines how the guilty were brought to justice and the resulting claims for compensation. As a result Japans Gestapo provides comprehensive evidence of the ruthlessness of the Kempeitai against the white and Asian peoples under their control. The third volume in the Docalogue series, this book explores the significance of the documentary series *Tiger King: Murder, Mayhem and Madness* (2020), which became 'must-see-TV' for a newly captive audience during the global Covid-19 pandemic. The series - a true-crime, tabloid spectacle about a murder-for-hire plot within the big cat trade - prompts interesting questions about which documentaries become popular in particular moments and why. However, it also raises important questions related to the medium specificity of documentary in the streaming era, as well as the ethics of both human and animal representation. By combining five distinct perspectives on the Netflix documentary series, this book offers a complex and cumulative discourse about *Tiger King's* significance in multiple areas including, but not limited to, animal studies, queer theory, genre studies, labor relations, and digital culture. Students and scholars of film, media, television, and cultural studies will find this book extremely valuable in understanding the significance of this larger-than-life true-crime documentary series.
