Grab a copy for a friend, and start the journey together, Don't forget to provide reviews and suggestions of improvement This beautiful graphically illustrated book is for children in preschool and Kindergarten to learn the names of commonly available fruits in Malayalam through English This is a workbook for those who learn to write Malayalam Alphabet. The focus is on the shape of the letters, and on how to write them. The letters are ordered from simple to complex, so that the learners won't be intimidated by the few complex ones. The letters are classified into base forms, short forms, and combined forms. A page is devoted for each letter. At the top left you see the letter along with the direction as to how to write it. A star indicates the place to start writing a letter. At the top right you see a little help as to its sound. Also you see a few words in which the letter occurs. Then you see in six rows six sets of the letter in dotted lines in varying sizes. The biggest ones are at the top, and they become smaller as they go down. The learner is not supposed to write all of them together. In the first week, the learner may write only the ones in the first row. He/she may visit as many pages as time permits, but he/she should stay within the first row. In the second week, he/she may come back and do the second row of each of those pages he/she visited. Thus the learner needs to spend a minimum of six weeks to complete the entire book. If the learner is a child, he/she should be directed to stick to the plan of one row per week. Filling each page fully before going to the next won't serve the purpose. As the learner writes a letter, he/she needs to sound it too, so that each letter will be associated with the sound it represents. All Malayalam sounds don't have English equivalents. The learner will have to seek the help of a native speaker if available. The learner may also search in Youtube for Malayalam alphabet pronunciation, and listen from there. There is

also a list of a few common words and a few sentences toward the end of the book. This is the very first book a level 1 learner of Malayalam may use. The same authors have made two more books available for the next levels. Learn Basic Malayalam in Six Weeks is level 2, and Speak Malayalam in Ten Weeks is level 3. A reviewer, Shija Abraham, wrote: "Malayalam Alphabet Practice Workbook by John Kunnathu and Lissy John is very well organized with mainly English-speaking people/kids in mind. Equivalent English sound for all vowels and consonants with a practice page is given for each letter. To help beginners, arrows are shown in the direction in which each letter is written. It also covers stressed consonants, consonant combinations, short form of consonants and consonants without a vowel. The book ends with some common words and sentences which also give a short history of the Malayalam language. The book provides a plan to learn the language in 6 weeks. The Kunnathu's experience as educators is very well displayed in the structure and the content of the book. I highly recommend this book for all beginners." Speak Malayalam in Ten Weeks is a new book by John D. Kunnathu & Lissy John. This book helps the speakers of English to gain the basic skills of speaking, listening, reading and writing Malayalam. This book was created as a second part to their earlier work, "Learn Basic Malayalam in Six weeks," which was found helpful by hundreds of people in the US and Europe. This book has ten lessons, which are built around ten children's songs, which have been sung by Yesudas, the well-known singer. The songs are based on the traditional popular animal fables. Thus the learners have the opportunity to learn Malayalam as presented through the voice of Yesudas. By the end of the ten lessons, a learner will be able to listen and understand Malayalam. The learner will also gain the ability to speak Malayalam. Our first book focused on the skills of reading and writing, but this one focuses on listening and speaking. This book makes use of the contemporary knowledge of the language and the contemporary ways of learning. Someone with a basic knowledge of the writing system of Malayalam can easily follow this book, and rise to a higher level. A reviewer, Andre Pleasant, wrote: Great helper for learning a new language. Wonderful book! Another reviewer, Reba M, wrote: This book was a very thorough and helpful tool in helping me to learn how to speak Malayalam! This is a workbook for kids to learn Malayalam Consonants Always wanted to learn the Malayalam language but you find it difficult to commit and stay consistent? We made this notebook for you! We organized the pages so you will commit to write and learn at least: 5 words everyday, 35 per week and 150 words per month. This is it! Time to learn Malayalam words everyday! Important notes about this notebook: This is a low content notebook to help you learn the language. We made it in a unique style so each page contains 3 days of learning (It could carry up to 15 words per page). This is not a dictionary! This is not a learning book! this is a notebook where you write down the words and learn them at your pace. It has 130 pages. Each page has 15 lines, not college ruled (left vertical line)! so you could have more space in the page to write in ease. you have a place dedicated for the date so you know which words you learnt in which day. Amazing cover which makes your notebook different and unique in its style. 6 inches x 9 inches. Matte cover, White paper inside. First page is blank (no lines) with a sentence "This notebook belongs to" where you could write your name and

information so If this notebook gets lost or missing, the person who finds it return it to you. It has also Rules explaining how to use the notebook. The page 129 (before last) has 3 questions: 1- How was your experience? 2- How many words did you learn? 3- Write down the amount of words you will learn next year: these questions will help evaluate yourself and know your future target (the words you want to learn next year). Page 130 is for you to write down whatever you want. You can always offer this Notebook to your children, wife, husband, family, friends, coworkers or anyone dear to you.
