[Socially Responsible International Business](#) Dec 25 2022 Acting in a socially-responsible manner has become a crucial success factor for many international firms due to the highly complex, competitive, and volatile global environment in which they operate. This book will contribute new ideas, contemporary knowledge, and original research to the area of socially-responsible international business, and offers challenging directions for future research. Topic covered range from global environmental influences on acting in a socially-responsible way; foreign buyer reactions to responsible business and international market targeting to development of socially-responsible international business strategies.

[International Business](#) Jun 26 2020 "We have continued to evolve the structure and content of this textbook in step with the rapidly changing world of international business. This includes completely revising several key chapters, including Chapter 6, on International Trade. This is entirely updated and includes new case studies covering both the trade-war between the US and China and the complex Brexit process. These and other real-world developments have made a wide range of stakeholders much more aware of the significance of global trade interdependencies than in the past. Chapter 16 on the European Union is also entirely updated to take account of Brexit and a range of new socio-political and economic events in Europe. Chapter 11 ('MNEs as Responsible Stakeholders') has been removed, making this edition more consolidated, with 20 rather than 21 chapters. In place of Chapter 11 we have inserted new sections, frameworks and case studies on responsible business throughout the book as a fundamental dimension of international business theory and practice across all the other chapters. New case studies, such as 'Businesses and NGOs working together on climate change' in Chapter 4, provide additional material on this topic. Chapter 14, on 'Political risk and negotiation strategy' also features new case studies on the 'US-Venezuela oil dispute' and 'Huawei accused of spying'"

International Business May 26 2020 The new and updated edition of this widely-used text is equally useful for undergraduate and graduate students of international business. Its student-friendly format, detailed coverage of classic and timely topics, and extensive use of case studies make it widely adaptable for different level courses, as well as for educators who prefer either a case study or lecture approach. Online instructor materials are available to adopters.

[International Business](#) Nov 24 2022 This book provides students with a balanced perspective on business in a global environment, exploring implications for multinational companies in developed and emerging markets. This is the first text of its kind to emphasize strategic decision making as the cornerstone of its approach while focusing on emerging markets. Traditional topics, like foreign exchange markets and global competition, are contrasted with emerging operations, like Chinese market intervention and Islamic finance, to provide students with an understanding of successful business strategy. Readers learn to develop and implement these strategies across cultures, and across economic, legal, and religious institutions, in order to cope with competitive players in the global landscape. Application-based chapters open with reading goals and conclude with case studies and discussion questions to encourage a practical understanding of strategy. With in-depth analyses and recommended strategies, this edition provides students of international business with the skills they need for success on the global stage. A companion website features an instructor's manual, test bank, PowerPoint slides, and useful links for instructors as well as practice quizzes, flashcards, and web resources for students.

International Business Sep 22 2022 For courses in international business. Packed with current examples that reflect the vibrancy of the field of international business, this student-friendly text offers a managerial approach to international business with an emphasis on skills development.

[International Business and Government Relations in the 21st Century](#) Jan 14 2022 This book offers an outlook on relations in the 21st century between national governments and multinational companies.

[International Business](#) Feb 21 2020 Leveraging their extensive background at multi-national corporations, co-authors Shad Morris and James Oldroyd created an International Business course that is current, concise, and easy to implement. As instructors themselves, the authors focused on engaging pedagogy that prepares students for the global marketplace and created interactive resources to deepen the learning experience. This second edition of International Business includes extensive updates including coverage on important topics like COVID-19, Brexit and the US-China trade war. Additionally, the WileyPLUS course provides just-in-time resources like chapter introductory videos, whiteboard animations, cases/case application problems, adaptive practice, and more to help students apply their learning and think critically.

[Management of International Business Networks](#) Oct 31 2020 Fully updated and revised, this second edition builds upon the foundations of business network theory introduced in Business Networks: Strategy and Structure. Drawing together the international dimensions of global business networks and a discussion of the modes of foreign market entry, this book covers a range of management issues including: co-ordination governance evolution of business networks across borders. This book will be of interest to those studying or researching ownership or organization of enterprises, business systems analysis and economics and business and management in general.

International Business Strategy Oct 23 2022 Verbeke provides a new perspective on international business strategy by combining analytical rigour and true managerial insight on the functioning of large multinational enterprises (MNEs). With unique commentary on 48 seminal articles published in the Harvard Business Review, the Sloan Management Review and the California Management Review over the past three decades, Verbeke shows how these can be applied to real businesses engaged in international expansion programmes, especially as they venture into high-distance markets. The second edition has been thoroughly updated and features greater coverage of emerging markets with a new chapter and seven new cases. Suited for advanced undergraduates and graduate courses, students will benefit from updated case studies and improved learning features, including 'management takeaways', key lessons that can be applied to MNEs and a wide range of online resources.

Contemporary Issues in International Business and Entrepreneurship Mar 28 2023 This book illustrates the impact of increasingly prominent global phenomena, such as digitalisation and climate change, on the international activities of both small and large multinationals. As it highlights, extant management research does not fully explain such emergent topics as Internet platforms, digital business models, and the decision-making of cleantech and circular economy companies. This volume serves to fill this lacuna.

The International Business Environment Feb 03 2021 The International Business Environment, Second Edition, prepares students for the realities of global twenty-first-century business. Building on the success of the previous edition, it employs a wide range of examples from BRIC and CIVETS economies and offers chapters on CSR, the ecological environment, and corporate social responsibility. Authors Leslie Hamilton and Philip Webster discuss the process of globalization, the global economy, and the impact of that economy on international business organizations. Using a PESTLE framework, they analyze the economic, political, legal, financial, technological, socio-cultural, and ecological environments, clearly outlining the factors that affect the everyday business of organizations. Adopting a truly international approach, this full-color, visually engaging text features a wealth of examples and case studies. Each chapter begins and ends with a one-page case study, and fifty additional mini-cases address such compelling issues as civil unrest in North Africa, the Japanese earthquake and tsunami, Wikileaks, and Google in China. Organizations including BP, Dell, Domino's Pizza, Apple, and Procter & Gamble are featured throughout the book. A Companion Website offers numerous resources for students and instructors.

International Business Mar 04 2021 Traditionally, international business (IB) texts survey the field from a USA perspective, going on to compare the USA to the rest of the business world. This text addresses IB from a purely multinational perspective. International Business is examined from the USA angle, going on to address IB issues from other countries' perspectives, what we call the "Reverse Perspective." The authors interview business executives and politicians from a number of countries including the USA, Canada, Mexico, Brazil, Colombia, Argentina, India, Hong Kong, Taiwan, China, Japan, South Korea, Germany, Italy, and Russia. These interviews are incorporated at appropriate points in the text providing first-hand information and practical insight. Cases include: Air Arabia, Gap, Diebold Inc, Matsushita, AMSUPP, NIKE, China Eastern Airlines, Luton & Dunstable Hospital, Harley Davidson, Cassis de Dijon, Green investments in Belize, Chicago Food and Beverage Company, Advanced Software Analytics

Exploring the Links Between International Business and Poverty Reduction Mar 16 2022 Foreign direct investment is recognized to be important for economic development, in terms of wealth creation, employment, skills development, and technology transfer. But there is an ongoing debate about the extent to which these contributions translate into real benefits for people living in poverty. In an attempt to evaluate the impacts of international business on people living in poverty, two organizations with very different aims and perspectives"Unilever (a major company operating in some of the poorest countries in the world) and Oxfam (an international development and humanitarian organization)e"collaborated on an ambitious research project. The research considered the impacts of Unilever Indonesia across the entire business value chain, from producers and suppliers, through the company's core business operations, to its distributors, retailers, and consumers. This report presents the findings of the research. It is a contribution to the debates among the wider business community, governments, civil-society organizations, and academics who seek to understand how the wealth, employment, and products that a large company creates could bring increased benefits to people living in poverty.

International Business Strategy in Complex Markets Dec 01 2020 In this revised second edition, Hans Jansson develops and applies an international business strategy framework to contemporary complex global markets. This cutting-edge textbook explores the major challenges associated with doing business in complex and turbulent emerging markets and how MNCs in mature markets execute strategies to meet these challenges.

Fundamentals of International Business-3rd Ed Nov 12 2021 Fundamentals of International Business is an introductory international business text for use at the undergraduate level. Its comprehensive coverage of the subject also makes it appropriate for use in MBA programs. The book's content is streamlined when compared to the array of international business texts now available, but sufficiently rigorous and demanding to satisfy the professional integrity of the instructor. This text presents a balanced coverage of the subject matter, analyzing decision-making in the context of their corporate conditions.

International Business: The Challenges of Globalization, eBook, Global Edition Aug 21 2022 The full text downloaded to your computer With eBooks you can: search for key concepts, words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf (available as a free download), available online and also via the iPad and Android apps. Upon purchase, you'll gain instant access to this eBook. Time limit The eBooks products do not have an expiry date. You will continue to access your digital ebook products whilst you have your Bookshelf installed. Cultural Understanding in International Business International Business: The Challenges of Globalization is a comprehensive introduction to the difficulties of global entrepreneurship. By employing engaging features and real world examples through a concise and focused text, the Eighth Edition presents a fresh take on the subject that is both interesting and invaluable to students. The material has been thoroughly updated based on both student and instructor feedback and ongoing changes in the international business world to ensure that it remains up-to-date and well received by audiences. Focusing on relating major concepts to concrete examples, this hands-on text is highly relevant to a future career as a global entrepreneur. International Business addresses the issue of cultural barriers that arise in global business, as well as the theory and terminology essential to the process of conducting successful business abroad. Its brief yet inclusive coverage of all major international business topics make it the ideal introductory text for students exploring this subject.

International Business Jun 07 2021 What is international business? How does it differ from local or national business? What are the fundamental challenges and emerging trends in international business? What is the impact of globalization, corporate social responsibility, and the ever expanding use of digital technology on corporate strategies and executive decisions? International Business: Theory and Practice addresses these questions by providing the student with a broad overview of the subject, while guiding readers through the practical issues and context of international business with the use of a range of examples, cases and discussion questions drawn from around the world. Current critical issues in international business are analysed and explored: corporate social responsibility in an era of unprecedented globalization, the rise of the global entrepreneur and the 'democratization' of competition worldwide, and applications of technology in a digital economy. Key Features: - Unpacks the complex issues facing both multi-national enterprises (MNE) and international small and medium enterprises (SME) - Contains a full range of learning features including international case studies, explanations of key terms, a glossary, and annotated further reading - A dedicated companion website with material to support both lecturers and students.

International Business Travel in the Global Economy Apr 24 2020 Business travel has become indispensable to the global economy, not only due to its necessity in the maintaining of corporate networks, but also because of the associated economies that cater to the daily requirements of the business traveller. Underlying these developments are concerns over the environmental impact of increasing air travel, which are likely to generate new challenges for the future of business travel. From a team of international experts comes this analysis of the role, nature and effects of modern business travel. Issues addressed include the relationships between airlines and business travellers, the role of mobility in business, and the opportunities and challenges created by mobile workforces. The study combines theoretical advances with comprehensive analysis, and will provoke debate across the social sciences on the nature, organization and space of work in the twenty-first century.

Introduction to International Business Transactions May 18 2022 This innovative textbook introduces the legal concepts, regimes and actors that regulate international business transactions. The book guides readers through the major aspects of international business law using state-of-the-art teaching techniques and offers comprehensive coverage on key treaties, legal aspects of international commerce and the regulation

of global trade and investment.

The Challenge of International Business Oct 11 2021

International Business Jan 02 2021 Rigorously updated textbook that balances business theory and business practice. Includes new cases studies and up-to-date examples.

International Business Feb 27 2023 This sixth volume in the Academy of International Business Series presents leading-edge research on contemporary themes in international business. Part one explores several of the major issues that currently face multinational enterprises: government policy, the Asia crisis, knowledge and technology management, corporate-subsidiary relations, strategies for small firms and the impact of the technological revolution. Part Two of the volume examines the impact of foreign direct investment, FDI. Written by a range of international contributors, a key focus of these papers is the particular issues relating to foreign investment in the emerging markets of Central and Eastern Europe and South-East Asia.

The Global Business Environment Dec 13 2021 This bestselling textbook offers a comprehensive introduction to the global business environment, blending cross-disciplinary topics from sociology, politics and economics with a compelling exploration of how contemporary events relate to worldwide business practice. Truly international in scope, the book allows students to explore multiple perspectives and scenarios to prepare them for the highly globalised business operations of today. This new edition is thoroughly up-to-date, covering the profound global changes that are impacting upon how we do business, such as the rethinking of populism, the worsening of climate change effects and the rise of nationalist populism. With a new enhanced focus on the sustainability issues that challenge businesses today, applicability to real-world business practice remains the book's core principle. Janet Morrison's characteristically clear and authoritative writing style, combined with an unrivalled range of learning features, ensures that this book offers all of the essential tools to support skills development, critical thinking and academic insight. Ideal for undergraduate and MBA modules on the Business Environment or Business Contexts, this book is also suitable for International Business modules that offer an introduction to the issues of global economics in the context of other political, social and cultural environments. New to this Edition: - An increased focus on sustainability, covering climate change, individual and societal wellbeing, good governance and financial stability - New pedagogical features, including mini-case studies, 'Shining a Light on Business Decisions', insight boxes, video links and marginal definitions - New case studies, including more on emerging economies - Up-to-date coverage of how business reacts to key contemporary issues and controversies, such as the opioid epidemic, the plastic crisis and new appointments to the US supreme court Accompanying online resources for this title can be found at [bloomsburyonlineresources.com/the-global-business-environment](https://www.bloomsburyonlineresources.com/the-global-business-environment). These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Economics of International Business Feb 15 2022 This is an interesting book on an important topic. . . Mikael Linden, Scandinavian Economic History Review This book is indispensable reading for all researchers and practitioners in the international business field as well as economists and academics alike. Giustificativo Pubblicato sul Bollettino del CIRT Economics of International Business sets out a new agenda for international business research. Mark Casson asserts that it is time to move the subject on from sterile debates about transaction cost economies and resource-based theories of the firm. Instead of focusing on the individual firm, the new agenda focuses on the global systems view of international business. A static view of the firm's environment is replaced by a dynamic view which highlights the volatility of the international business environment. Coping with volatility requires entrepreneurial skills, flexibility and the need to synthesize information on a global basis. To co-ordinate the global system properly, entrepreneurs must co-operate through social networks of trust, as well as competing. Constructing a network of joint ventures, it is argued, is simply not enough. Building on his previous book, *The Organization of International Business*, Mark Casson shows that with suitable modifications, the methods of economics can be used to analyse all of these issues in a rigorous way. The tools of business strategy are too clumsy to address the more subtle issues, whilst descriptive approaches fail to bring key issues into sharp relief. This book is indispensable reading for all researchers and practitioners in the international business field as well as economists and academics alike.

Strategies for the Future Sep 10 2021 Have you wondered why international business seems magically simple in text books but inescapably complex in reality? With international business pushing horizons, cross-border activity is rampant and national boundaries are getting blurred. Economies have opened their doors and globalization is the watchword of the hour. *Strategies for the Future* explores the opportunities of a mingling world with remarkably discerning anecdotes and hands you the tools to master international trade. Professor Ajeet N. Mathur helps you formulate assumptions and make decisions under uncertainty in response to differences in business environments, national competitiveness, and regional and global strategies of other business players. As part of a competitive global village, this book is indispensable for any manager or entrepreneur bounding forward in the promising world of international business.

[Language in International Business](#) Jul 20 2022 Responding to the growing interest in the role of language in international business, this book presents language as a critical management challenge for the internationalizing firm. Several perspectives are explored, including the individual, the firm

[The Development of International Business](#) Jan 26 2023 In this wide-ranging and groundbreaking new book, Robert Pearce provides an analytically-informed basis for understanding the modern multinational enterprise. It does this by tracing the development over the past half-century of two parallel strands of analysis in International Business; designated as the 'theoretical' and the 'practical'. The book shows how the practical restructuring of the MNE as an organisational form has responded to changes in the wider global economy and how this evolution has interfaced with the enriching of the relevant theorising. By tracing the persisting dynamics of.

A Very Short, Fairly Interesting and Reasonably Cheap Book about International Business Jun 19 2022 Selected as an Outstanding Academic Title by Choice Magazine, January 2010 Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In International Business, the authors challenge the principles of business in the context of trading blocs, protectionism, and restricted trade; the effects of international governing bodies like the WTO, the IMF and the World Bank; looking at this very big and interesting field with humour and insightfulness. Ideal for Undergraduate students in Business and Management, this text will also appeal to anyone interested in the fast-paced world of International Business.

Absolute Essentials of International Business Aug 09 2021 As challenges to the era of globalisation emerge, international business grows in importance and complexity as a field of study. This shortform textbook introduces learners to the frameworks within which international business occurs and to the range of actions that companies might undertake in these environments. Owing to an emphasis on cross-border interactions, international business is a politicised field, and this book provides readers with the tools to deepen their understanding not only of the actions that companies might take but also of the economic, societal, cultural and political frameworks affecting how decisions are made. With a refreshing realism in its approach, this book will be perfect brief reading for students required to understand the obstacles that global business practitioners must overcome to succeed.

International Business Aug 29 2020 This fully revised and updated fourth edition of International Business offers an action- focused, practical approach to the topic, helping students understand the global business environment and its repercussions for executives. The book provides thorough coverage, delving into fundamental concepts and theory; the cultural, political, and economic environment; international business strategies; and even functional management areas. More comprehensive than competing books, this new edition of International Business includes: A new chapter on the digitalization of the global economy and its

implications for firm strategy and organizations. New examinations of the forces of de-globalization, implications of rising trade protectionism, challenges of geopolitical conflicts, and a friction framework for understanding the effects of cultural differences. Enriched and expanded discussions about potential reconfigurations of global value chains following the COVID-19 pandemic, changing perspectives on the role of the government with renewed attention to industrial policy, shifts in regional integration with the emergence of such new trade blocks as CPTPP and RCEP, and fresh insights on factors influencing a country's balance of payments. Strengthened, expanded global cases, examples, and "industry" and "country" mini-cases that give students practical insight into the ways companies actually behave within a competitive, global environment. Also featuring a companion website with a test bank, PowerPoint slides, and instructor's manual, this book is ideal for students and instructors of any international business course at undergraduate or postgraduate level.

International Business Jul 08 2021 Taking neither an economic approach nor a purely managerial approach to its subject matter, this work offers students an integrated resource on the subject of international business. Its main theme is the process of globalization which the authors address in great detail.

Basics of International Business Jul 28 2020 The field of international business is dynamic, complex, and challenging, vulnerable to fast-breaking events such as economic shifts, political turmoil, and natural disasters. This concise and affordable textbook will help future international business executives acquire the skills to function effectively under these challenging conditions. "Basics of International Business" incorporates coverage of the ongoing turmoil in the world financial markets. It's designed to familiarize students with the external environments that affect international businesses, to show them how to recognize the processes in identifying potential foreign markets, and to help them understand the functional strategies that can be developed to succeed in this highly competitive environment. The text focuses on 'must-know' core concepts in international business. The concepts, theories, and techniques are organized around seven major topical areas: introduction and overview of international business; environmental variables of culture, politics, and economics; entry strategies for new markets and countries; international trade and foreign direct investments; integration of functional areas; specific functioning areas (marketing, finance, accounting, etc.); global outsourcing and its role in international operations. The text is filled with helpful charts, chapter summaries, exercises, and applied cases. A detailed instructor's manual including course outlines, classroom exercises, and a complete test bank is available to adopters on the MES website.

Fundamentals of International Business Jan 22 2020

Language in International Business May 06 2021 Language matters in international business and global business expansion inevitably mean encountering challenges of communication, language and translation. This book presents a thorough and rigorous analysis of language related to all aspects of global business - international management, networks, HRM, international marketing, strategy and foreign operations modes.

International Business Apr 29 2023 This stimulating text provides a truly international perspective, with a wealth of real life examples from developed and emerging countries to help students envisage how organizations across the globe practise business. Thoroughly updated and revised to give students a deeper understanding of the key international business theories, this new edition features: - Considerably revised structure to reflect student's knowledge as they progress through an international business module - Increased coverage of the core international business theories to enable in-depth understanding of the issues and challenges of international business - New chapters on emerging markets and the environmental challenges facing businesses - End of part long cases to promote a holistic understanding of international business Online Resource Centre For registered adopters of the text: - Multimedia library - Instructor's manual - Suggested assignment questions - Additional case studies - Test bank of questions - Indicative answers for case study questions and assignment and examination questions For students: - Extension material - Interactive Map - Assignment and examination questions - Self-test multiple-choice questions - Key websites - Revision tips - Additional case studies - Case study questions and answers

International Business, Trade and Institutional Sustainability Sep 29 2020 This book addresses the gap between innovative technologies and their adoption. It showcases research, feasibility studies and projects that demonstrate a variety of ways to implement environmental sustainability in globally operating firms, as well as best practices in areas such as international management, adoption of cleaner technologies, global supply chains, greenhouse gas emission reduction, and transportation. The book provides state-of-the-art information on issues including: Global sustainable management practices Global sustainable food and agricultural markets Global responsible mining and energy Global sustainable sourcing Global sustainable transportation Global conservation innovations and investments Presenting expert contributions from industry, government and academia, discussing a variety of themes and perspectives on the topic "international business as a positive force of environmental sustainability" it is a vital resource for stakeholders in the international business community.

International Business Management Mar 24 2020 This textbook explores the theoretical and practical aspects of managing international business operations while also dealing with multi-cultural, multi-national and global issues of managing business expansion beyond the domestic market. A second, revised edition of *Managing Internationally: Succeeding in a Culturally Diverse World*, each chapter contains up-to-date material, in-depth coverage of topics, visual aids (i.e., charts, tables, etc.), and vignettes, making this new edition engaging, visually appealing and easily accessible for students taking International Business Management courses. The contents of this textbook are separated into four parts. Part one offers introductory information on the scope and importance of international business management as well as the social and ethical challenges. Part two covers cultural and behavioral topics. Part three discusses the strategic and operational aspects of international business management. Part four explores human resources and labor relations. To assist students, each chapter starts a preview section which includes an outline of the chapter indicating the important aspects along with a brief description of the major issues. Following the preview is a vignette that encapsulates the crux of the chapter, often presented in an amusing and engaging manner. To further help students focus on key issues, the text includes the list of useful business cases to which students can refer. To assist professors in teaching from this book, ancillary teaching materials such as sample syllabi, slides, tests and answer keys will be available for download.

Research Methods in International Business Apr 05 2021 Showcasing methodological rigour and state-of-the-art methods as hallmarks of modern international business (IB) research, this book offers a collection of the most relevant and highly cited research methods articles from the *Journal of International Business Studies (JIBS)*. Each piece is accompanied by a new Commentary written by experts in the field; some also include Further Reflections by the original authors. Encompassing both qualitative and quantitative approaches, this comprehensive volume explores research design, testing and reporting, as well as specific methodological issues such as endogeneity, common method variance, and theorising from case studies. With recommendations for best practices relating to interaction effects, hypothesis testing, and replicability, this book is a unique and up-to-date reference source on the latest research methods and practices in international business. The book will also be essential reading for those studying any sub-discipline of IB research, including international economics, entrepreneurship, finance, management and marketing.

International Business and Tourism Dec 21 2019 Whether it's bungee jumping in Queenstown or visiting the Guinness factory in Dublin, where we travel - and what we do when we get there - has changed significantly in the past twenty years. This innovative textbook explores what is possibly the most unrecognized of international service industries, placing tourism in the context of contemporary globalization and trade-in services. It provides new perspectives on tourism as a form of international business, and the implications for firms, the state and individuals. Split into four separate sections, with introductions outlining the key themes in each, it examines important topics such as: the role of governance and regulation in tourism services the effects of increased global mobility on tourism entrepreneurship how tourism businesses are becoming internationalized why other business sectors are increasingly interested in tourism. Case studies are used throughout to highlight important issues, from developments in the aviation industry to the rise of working holidays. This book

gets to the core of a crucial service industry, and is essential reading for any researcher or student of tourism or international business.

Introduction to Global Business Apr 17 2022 The global business environment is rapidly changing because of shifts in geopolitical alliances, active roles of global institutions, and advances in information technology. Gaspar et al. INTRODUCTION TO GLOBAL BUSINESS, 1E, International Edition introduces the comprehensive foundational and functional tools to better prepare students for a global business landscape. As part of the functional approach, the text flows smoothly and clearly from concept to application, asking students to implement their learning into real-world personal and professional applications. The specialized author team introduces globalization through unparalleled scholarship and a world-view presentation of the fundamental pillars of the global landscape - culture, ethics, economic, and information technology. The purpose of this book is to introduce students to these principles in an engaging, current, and relevant way in the hope that they may develop the knowledge for successful careers in a globalized business landscape.
