Many Christians are used to the idea of a meek and mild Jesus, the stereotypical "nice guy." Countering these all too prevalent notions, Mark Galli offers a unique study of seventeen troubling passages from the Gospel of Mark to prove we should be anything but comfortable with Christ. Highlighting the undeniable fact of an untamable and often militant Messiah, Galli gives readers a training manual in spiritual growth to awaken sleeping believers and transform them into devoted disciples. Hinging on the compelling nature of the love of God, he explains how this mean and wild Jesus shows us truer love than our pleasant construct ever could. Striking and bold, always rooted in Scripture, *Jesus Mean and Wild* will put readers on the road to true discipleship. Now available in trade paper. A refreshing take on the duality of Godhead, offering a true understanding of male spirituality from a female point of view! You don't have to be everything to everyone. You don't have to try so hard to button it up and hold it together. Join best friends and coauthors Jess Connolly and Hayley Morgan as they reveal how women today can walk in the true liberty we already have in Jesus. For all the fullness of God available to his daughters, we often feel limited by two defining insecurities: "I am too much" and "I am not enough." Jess and Hayley felt the same until one essential question turned the tables: If God is wild and free and he created women, what does this mean for us today? *Wild and Free* is an invitation to find freedom from the cultural captivity that holds us back, and freedom to step into God's wild and holy call in our lives. Jess and Hayley answer difficult questions that so many women have asked them over the years, including: How do I compete with the burden of expectation of what women are "supposed" to be? Where do I actually fit in? How can I start living out my God-given identity every day of my life? With fresh biblical insight tracing all the way back to Eve and a treasury of practical application, Jess and Hayley reveal how women today can walk in the true liberty we already have in Jesus--because you certainly don't have to quiet the voice that God gave you when he created you to sing. *Wild and Free* will help you shake off the lies of insecurity in your life and step forward to maximize your God-given influence for his glory and the world's good. Deserts, sub-arctic forests, mountains and the human soul. These are the landscapes traversed in this book. The more an individual feels trapped in their life, the greater their hunger for adventure. But we live in an increasingly risk-averse culture which values and encourages consumption above all. Paul is an ordinary man, inspired to do the extra-ordinary. When he reached the end of his capacity to endure the monotony of a stuck and limited life, he stepped off the edge and re-discovered the adventurous spirit of childhood. The reader can identify with his struggles and triumphs as they are invited to strike out on their own voyage of discovery to the wild places of the world and the wild places within. This is a book directed, primarily, at men. The anxieties and uncertainties of a rapidly changing world have generated a corresponding spiritual hunger. Men need adventure, but without a trans-personal mission, no adventure will truly satisfy. 'God of the Wild Places' is a road-book in this search for soul. It speaks in an earthy and grounded voice which is immediately accessible to men, whilst retaining a poetry which offers to take them deeper. It is a book which offers women an intriguing glimpse into the, often paradoxical, complexity of the masculine heart. Bill Kauth, co-founder of the Mankind Project and author of 'A Circle of Men: The Original Manual for Men's Support Groups', has the following to say: Paul takes on more adventures before breakfast than most of us do in a lifetime. As these stories bubble up from his heart we get to see who he really is inside. We find not a bragging jock, but a sensitive, feeling man testing himself to the edge of endurance, over and over until we truly meet brother wolverine- the embodiment of tenacity. He curls up to sleep feeling bruised, battered, well-used and very happy. You can feel him stepping beyond his limited self to see a bigger world. Exhilarating writing. Innocent, emotional sharing. We know a man determined to live life fully, intensely. Through his eyes we see the world expanding. I felt inspired and touched. Enjoy this book! John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free. From the Sunsets Department and Geyser Regulation to the Department of Miracles, Heaven Inc has the earth covered. Unless someone is away from their desk. And these days, the CEO is kind of disillusioned. God knows he should be keeping an eye on the bad things happening on Earth, but instead he finds

himself watching the Church channels on satellite TV. His first priority is the team of angels he's asked to get Lynyrd Skynyrd back together. Downstairs on the office floor, Eliza has been promoted from the Prayers Department to Miracles, and Craig, the only other workaholic in heaven, has to show her around. Eliza is shocked by the casual attitude of many of the angels in her new department. And she's furious when she discovers that God has never looked at, let alone answered, a single prayer. So she storms into God's office and asks Him a question that no one has ever dared to ask before. And it might just be the end of the world.

A quality pew and ministry Bible at a very economical price. - Complete text with subject headings and translators' footnotes. Gwyn, the bright god of the Brythonic underworld Annwfn and Faery king of the wild Welsh spirits, the twlwyth teg, is an ancient and mysterious figure. His tales are scattered through oral folklore and across medieval Welsh literature, a depository of our ancient god-tales. Said to dwell within the legendary glass castle in Glastonbury Tor, as well as the black mountains of Wales, he is both a figure of romance and fear. A dark lover through the winter months, leader of the wild hunt, and guardian of the dead. He is the ancient companion of bards and visionaries through the initiatory journey to the depths of the Celtic Underworld, in search of the Goddess of the land herself. With a close look at traditional magic and lore as well as practical exercises, Gwyn ap Nudd is an essential guide for all those who seek wisdom from the darkness and wild communion with the sovereignty of the land.

Anne Carson's poetry - characterized by various reviewers as "short talks", "essays", or "verse narratives" - combines the confessional and the critical in a voice all her own. Known as a remarkable classicist, Anne Carson in Glass, Irony and God weaves contemporary and ancient poetic strands with stunning style. This collection includes: "The Glass Essay", a powerful poem about the end of a love affair, told in the context of Carson's reading of the Bronte sisters; "Book of Isaiah", a poem evoking the deeply primitive feel of ancient Judaism; and "The Fall of Rome", about her trip to "find" Rome and her struggle to overcome feelings of a terrible alienation there.

An extensive look at all the aspects of multi-natured Shiva • Explores the shamanic roots of world spirituality as exemplified by this Hindu god who shares many of the attributes of the Norse Odin and the Celtic Cernunnos • Looks at Shiva's relation to contemporary culture, Tantra, and the dualistic religions of the West To his devotees Shiva is the entire universe and the core of all beings. Hindu myth shows him appearing at the beginning of creation as a giant pillar of fire from which this world sprang forth. Yet he is also the most approachable of gods, for he is the lover of lovers and the devotee of his devotees. Of the 1,008 names of Shiva, Pashupati, Lord of Animals, is one of the most common. His special relation to animals along with his trickster nature reveal the deep connection of Shiva to shamanism and other gods such as the Norse Odin and the Celtic Cernunnos that came out of the Paleolithic traditions.

Ethnologist Wolf-Dieter Storl was first captivated by Shiva when he was in India as a visiting scholar at Benares Hindu University. In this book he invites readers to join in the lively and mythical world of Shiva, or Mahadev, God of All Gods. Shiva is a study in contrasts: As the lord of dance he loses himself in ecstatic abandon; with his consort Parvati he can make love for 10,000 years. Both men and women worship him for his ability to unite and balance masculine and feminine energies. But as the ascetic Shankar he sits in deep meditation, shunning women, and none dare disturb him lest he open his third eye and immolate the entire universe. Lord of intoxicants and poisons, he is the keeper of secret occult knowledge and powers, for which he is worshipped by yogis and demons alike. Shiva dances both the joy of being and the dance of doom--but in every aspect he breaks through the false ego to reveal the true self lying within. This is his true power. This book is the story of Scott Bartleson, proving that truth is indeed stranger than fiction. It's his story of first being wild for no good reason to becoming wild for God. It's also God's story. Maybe it's part of your story too. If the church has pushed you out, don't give up on God. He will never give up on you. And if a relationship with Jesus seems too remote or far-fetched, know that he specializes in people on the fringe--people just like Scott--and if you're on the fringe, people just like you. Scott Bartleson's life has never been dull. That much is sure. Raised by a single mom during a time when such situations were rare, this godly woman took Scott and his siblings to church every Sunday. But the adults cast religious judgment on her for a situation out of her control, and their children whispered disapproval to hers. This forever strained Scott's relationship with the church, and it threatened his standing with God. For the first part of his life, the enemy was winning. He controlled Scott, trying to make his grasp on this wayward youth permanent. Then God got Scott's attention--not through church or religion, but through a personal, life-changing relationship. And under the Holy Spirit's influence, Scott's life made a dramatic U-turn. He went from pursuing a destructive path to becoming God's wild man and living a life that matters. Live vicariously through Scott's Spirit-directed journey as he learns to serve God and spread the good news of Jesus to those who need it most. Be motivated through Scott's story to live a life that matters, a life with eternal consequences. Beloved Bible teacher Margaret Feinberg invites you on a remarkable spiritual adventure to live more courageous and free. The Bible is full of clever plots and compelling stories, laced with historic insights and literary beauty. But despite its richness and depth, many of us struggle to close the gap between the ancient world and our own. What does it mean to know that Jesus is the Good Shepherd when the only place you've encountered sheep is at a petting zoo? How can you understand the promise of a land overflowing with honey when you buy yours in a bear-shaped bottle? Can you grasp the urgency of Jesus' invitation to abide in the vine when you shop for grapes at a local grocery store? Margaret invites you to accompany her on the adventure of a lifetime - across the nation to herd sheep in Oregon, harvest fields with a Nebraska farmer, prune vines in California, and explore hives with a veteran beekeeper in Colorado. Along the way, you'll explore how ancient livelihoods illuminate meaningful truths that apply to life today. "I asked one question to each person, 'How do you read the Scriptures in light of what you do every day?'" she writes. "Their answers changed the way I read the Bible forever." With her trademark humor and vulnerability, you'll learn the secret of how to live like you have a shepherd, unlock the sweetest promises of God, and discover the gift of divine timing. You'll move from simply reading Scripture to entering stories that can be touched and tasted, smelled and savored. Scouting the Divine will revolutionize the way you understand the Bible - and leave you wonderstruck by the magnificence of God. An eighteen-year-old chieftain's daughter must find a way to kill her village's oppressive deity if she ever wants to return home in Warrior of the Wild, the Viking-inspired YA standalone fantasy from Tricia Levenseller, author of Daughter of the Pirate King. How do you kill a god? As her father's chosen heir, eighteen-

year-old Rasmira has trained her whole life to become a warrior and lead her village. But when her coming-of-age trial is sabotaged and she fails the test, her father banishes her to the monster-filled wilderness with an impossible quest: To win back her honor, she must kill the oppressive god who claims tribute from the villages each year or die trying. Our perception of God makes a difference in every crevice of our character, from our inner anxieties to our public conversations. It determines whether we're trusting or suspicious, whether we're happy or discontent - and whether or not we can rely on God matters mightily on the day of our death. Mark Buchanan's third book continues his penetrating exploration of the God we worship. Bravely and honestly, he poses the direst question of human existence: Can God be trusted? It's life drunk deeply, lived to the hilt—where we walk with the God who is surprising, dangerous, and mysterious. It's the terrain where God doesn't make sense out of our disasters and our boredom, but keeps meeting us in the thick of them. But unless we trust in His character, we'll never venture in. We will sit at the stream all day, dying of thirst, but not daring to drink. To follow God is to drink and drink from the stream, even if it means—especially if it means—getting swallowed up. Let Mark Buchanan show you the entrance to the Holy Wild, where you can live face-to-face with the beautiful, dangerous God of creation. "God's Wild Herbs" takes us out of our cultivated gardens ~ into the wilds of forest, pasture, pond and meadow. This book is a companion volume to Dennis Ellingson's earlier book, "God's Healing Herbs," that has brought helpful information and inspiration to thousands of gardeners and health-conscious readers. Take this book out on the trail with you to forage, identify and appreciate the wild plants you see. Use the alphabetical listings and descriptions of wild herbs and edible plants. Then rest for a while under the shade of a tree or on a park bench and read one of the meditations that are sprinkled throughout the book. These readings are titled "Along the Path," relating thoughts about God and his word and his ways to the created things we see along the foraging path. Also included are recipes and uses (both external and internal) for the 121 herbs identified in the book. Each herb is accompanied by at least one photo. And lovely photos of walking paths in various regions of the country grace the pages and entice the reader to get out and go exploring "on the path." Written by a recognized herbalist and Christian minister, this unique book is easy to use, thoroughly researched, inspirational, and beautiful! When I went to my neighbor's apartment to investigate strange sounds, I never expected to fall through a portal into another world. Yet here I am, a stranger in an even stranger land...and I'm stranded. In this world, might makes right, men carry swords, and gods walk the earth. Within minutes of arriving, I'm enslaved. Fun place. How do I get home? GREAT question. Wish I had an answer. The one person that might be able to help me is also the one person I want to throttle most. Aron, Lord of Storms, Butcher God of Battle, is my new companion. Or rather, I'm his. As Aron's anchor to the mortal realm, I'm the one that's supposed to be guiding him through his exile in the mortal world. Ha. Joke's on him. I know nothing about this place. But Aron and I have a common goal - get home. And we're bonded - anchor and god - with a bond unlike any other. So we travel together. We bicker. We bathe together. We fight our many, many enemies together. And sure, he's a god, but he's also an arrogant jerk. Brawny, smoking hot, irresistible jerk. I should want nothing to do with him. I certainly shouldn't want to do things to him. Mortals and gods don't mix. We stick to the plan and ignore our attraction. Focused, with one goal in mind. One task. One goal. Focused. I-oh heck, I'm going to end up kissing him again, aren't I? Haruki Murakami's third novel, *A Wild Sheep Chase* is the mystery hybrid which completes the odyssey begun in *Hear the Wind Sing* and *Pinball, 1973*. The man was leading an aimless life, time passing, one big blank. His girlfriend has perfectly formed ears, ears with the power to bewitch, marvels of creation. The man receives a letter from a friend, enclosing a seemingly innocent photograph of sheep, and a request: place the photograph somewhere it will be seen. Then, one September afternoon, the phone rings, and the adventure begins. Welcome to the wild sheep chase. 'Mr. Murakami's style and imagination are closer to that of Kurt Vonnegut, Raymond Carver and John Irving' *New York Times* Ulrich L. Lehner reintroduces Christians to the true God—not the polite, easygoing, divine therapist who doesn't ask much of us, but the Almighty God who is unpredictable, awe-inspiring, and demands our entire lives. Stripping away the niceties with a sling blade, Lehner shows that God is more strange and beautiful than we imagine, and wants to know and transform us in the most intimate way. With his iconoclastic new book *God Is Not Nice*, Lehner, one of the most promising young Catholic theologians in America, challenges the God of popular culture and many of our churches and reintroduces the God of the Bible and traditional Christianity. As Lehner writes in the book's introduction, "We all need the vaccine of the true transforming and mysterious character of God: The God who shows up in burning bushes, speaks through donkeys, drives demons into pigs, throws Saul from his horse, and appears to St. Francis. It's only this God who has the power to challenge us, change us, and make our lives dangerous. He sweeps us into a great adventure that will make us into different people." This book is not safe. It may startle and annoy many people—including those who purport to teach and preach the Gospel, but are missing it, according to Lehner. *God Is Not Nice* intends to overthrow all of our popular misconceptions about God, inviting us to ask deeper questions about the nature of our lives and our relationship with him. When you're finished with *God Is Not Nice*, you may find the idols you constructed in God's name smashed, replaced with a God who will ask you to live an entirely different life full of hope and transformation. Barbara Ehrenreich is an acclaimed social critic on both sides of the Atlantic, renowned for her trenchant, witty polemics, her pieces of journalism, and her trademark intelligence. She writes with unparalleled precision, insight and a rationalist's unwavering gaze. But in middle age, she rediscovered the journal she had kept during her tumultuous adolescence, which records an event so strange that she had never, in all the intervening years, written or spoken about it. It was the kind of event that people call a 'mystical experience' - and to a steadfast atheist and rationalist, was nothing less than shattering. In *Living with a Wild God*, Ehrenreich vividly explores her life-long quest to find 'the truth' about the universe and everything else, in an attempt to reconcile this cataclysmic, defining moment with her secular understanding of the world. The result is a profound reflection on science, religion and the human condition, and a personal insight into the inner life of one of our finest thinkers. It is a book that challenges us all to reassess our perceptions of the world and what it means to be alive. Proctor McCullough is 44 years old. Literary, eclectic, and infused with a masculine sensibility, *When I See the Wild God* is your guide to the Déithe and draíocht—the gods and magic that exist within and around you. An intense collection of poems from the great Western poet surveys the writer's work and features revealing statements about his poetics and philosophy. Simultaneous. (Poetry) *Wordlessly* tells the story of a man trapped in an industrial world, struggling between the grim reality around him and the fantasies his imagination creates.--From publisher description. Chess-playing people-traffickers, suicidal photographers, absurdist sound sculptors, cat-loving rebel sympathisers, murderous storytellers... The characters in Hassan Blasim's debut novel are not the inventions of a wild imagination, but real-life refugees and people whose lives have been devastated by war. Interviewed by Hassan Owl, an aspiring Iraq-born writer, they become the subjects of an online art project, a blog that blurs the boundaries between fiction and autobiography, reportage and the novel. Framed by an email correspondence with the mysterious Alia, a translator of the Romanian philosopher Emil Cioran, the project leads us through the bars, brothels and bathhouses of Hassan's past and present in a journey of trauma, violence, identity and desire. Taking its conceit from the Islamic tradition that says God has 99 names, the novel trains a kaleidoscopic lens on the multiplicity of experiences behind Europe's so-called 'migrant crisis', and asks how those who have been displaced might find themselves again. *God 99* is the highly anticipated debut novel by award-winning Iraqi writer, poet and filmmaker Hassan Blasim. Winner of an English PEN Translates Award. Based on observations in two West African villages - one a traditionally uncentralised community in contemporary Nigeria, the other a small chiefdom in Cameroon - this study shows that despite basic presuppositions regarding various types of being, the beliefs of the two groups manifest themselves in quite different ways. Focusing particularly on Chamba conceptions of people, masks and cults, Richard Fardon applies contemporary social theory to Chamba religion and shows how particular individuals integrate their concerns with notions of human purpose, the agricultural cycle and the values of the wilds. *Whip of the Wild God* catapults you on a wild ride into 1839 BCE India....Ishvari, an angry and spirited girl plucked out of rural poverty to be meticulously groomed by tantric monks, is elected to serve as spiritual consort to Takshak, powerful monarch of Melukhha. Her tumultuous journey--from terrified peasant to glamorous High Tantrika of Melukhha--hurls her into the abyss of addiction. As she sinks into depravity, Ishvari violates the ancient Melukhhan code of honor, infuriating Rudra-Shiva, the Wild God, and calling forth Takshak's sadistic revenge. And yet, as Ishvari flees for her life, now a notorious fugitive with a gold price on her head, the fire wisdom teachings she has grasped intellectually as a girl finally blaze into roaring life....here is a magnificent metaphysical saga you will find impossible to put down! Most of us have no idea where we're going most of the time. Perfect. "Celtic Christians had a name for the Holy Spirit--An Geadh-Glas, or 'the Wild Goose.' The name hints at mystery. Much like a wild goose, the Spirit of God cannot be tracked or tamed. An element of danger, an air of unpredictability surround Him. And while the name may sound a little sacrilegious, I cannot think of a better description of what it's like to follow the Spirit through life. I think the Celtic Christians were on to something.... Most of us will have no idea where we are going most of the time. And I know that is unsettling. WITH STORIES COME POSSIBILITIES.** Provides a complete and unabridged biblical text, with condensed introductions, notes, and simple format. "This is a series of stories of what it looks like to walk with God, over the course of about a year." So begins a remarkable narrative of one man's journey learning to hear the voice of God. The details are intimate and personal. The invitation is for us all. What if we could hear from God . . . often? What difference would it make? We have a lot to sort through on any given day. A whole lot to navigate over the course of a week or a month. Am I in the right place? The right relationships? How am I going to come up with enough money to do the things I want to do? And what about love—is this the one? Will it last? What is causing all those fears I keep pushing down inside? Why can't I overcome those "habits" that look more and more like addictions? Am I at the right church? Should I even go to church? What is God doing in my life? All day long we are making choices. It adds up to an enormous amount of decisions in a lifetime. How do we know what to do? We have two options. We can trudge through on our own, doing our best to figure it all out. Or, we can walk with God. As in, learn to hear his voice. Really. We can live life with God. He offers to speak to us and guide us.

Every day. It is an incredible offer. To accept that offer is to enter into an adventure filled with joy and risk, transformation and breakthrough. And more clarity than we ever thought possible. Journey into the Mystery of God's Presence Who our God is and how he works cannot be captured or contained. Our God is extreme. Our God is unstoppable, unfathomable, and untamable. Our God is wild. And he is beckoning us to pursue him beyond our circumstances, beyond our emotions, and beyond our logic into the glorious mystery that is him. Offering miraculous, inspiring stories of lives and circumstances transformed by the Holy Spirit, author and speaker Kim Meeder shows that God isn't calling us to fully understand him; he's calling us to fully trust Him. Here she gives practical, everyday ways to pursue him more passionately and to trust him more fiercely. The wild beauty and glory of our God are calling. And in this hallowed, thrilling place, we will see his face reflected in the miraculous--and we will experience the limitless nature of our wild God. A true story about searching for one's authentic self in the company of the Living God. Rachel Mann has died many 'deaths' in the process, not the least of which was a change of sex, as well as coming to terms with chronic illness and disability. This passionate and nuanced book brings together poetry, feminist theology, and philosophy, and explores them through one person's hunger for wholeness, self-knowledge and God. From ancient myth to contemporary art and literature, a beguiling look at the many incarnations of the mischievous—and culturally immortal—god Pan. Pan—he of the cloven hoof and lustful grin, beckoning through the trees. From classical myth to modern literature, film, and music, the god Pan has long fascinated and terrified the western imagination. “Panic” is the name given to the peculiar feeling we experience in his presence. Still, the ways in which Pan has been imagined have varied wildly—fitting for a god whose very name the ancients confused with the Greek word meaning “all.” Part-goat, part-man, Pan bridges the divide between the human and animal worlds. In exquisite prose, Paul Robichaud explores how Pan has been imagined in mythology, art, literature, music, spirituality, and popular culture through the centuries. At times, Pan is a dangerous, destabilizing force; sometimes, a source of fertility and renewal. His portrayals reveal shifting anxieties about our own animal impulses and our relationship to nature. Always the outsider, he has been the god of choice for gay writers, occult practitioners, and New Age mystics. And although ancient sources announced his death, he has lived on through the work of Arthur Machen, Gustav Mahler, Kenneth Grahame, D. H. Lawrence, and countless others. Pan: The Great God's Modern Return traces his intoxicating dance. In this unique poetry anthology, 100 grown men - bestselling authors, poets laureate, actors, producers and other prominent figures from the arts, sciences and politics, share the poems that have moved them to tears. Nineteen songs that are singable, road tested and gutsy. They include ancient words, familiar tunes, biblical poetry and global testimony, with themes from mission to mourning and the sacraments to the environment, enabling us to sing urgently and authentically in expression of perennial concerns and pressing issues of today. Sacred poetry from twelve mystics and saints, rendered brilliantly by Daniel Ladinsky, beloved interpreter of verses by the fourteenth-century Persian poet Hafiz One of 6 Books Oprah Loves to Give as Gifts During the Holidays “All kinds of beautiful poetry.” –Hoda Kotb In this luminous collection, Daniel Ladinsky—best known for his bestselling interpretations of the great Sufi poet Hafiz—brings together the timeless work of twelve of the world's finest spiritual writers, six from the East and six from the West. Once again, Ladinsky reveals his talent for creating profound and playful renditions of classic poems for a modern audience. Rumi's joyous, ecstatic love poems; St. Francis's loving observations of nature through the eyes of Catholicism; Kabir's wild, freeing humor that synthesizes Hindu, Muslim, and Christian beliefs; St. Teresa's sensual verse; and the mystical, healing words of Sufi poet Hafiz—these along with inspiring works by Rabia, Meister Eckhart, St. Thomas Aquinas, Mira, St. Catherine of Siena, St. Teresa of Avila, St. John of the Cross, and Tukaram are all “love poems by God” from writers considered “conduits of the divine.” Together, they form a spiritual treasure to cherish always. John L'Heureux spent his long, prolific career exploring questions of morality and faith in stories that entertain, surprise, and sometimes disturb; and The Heart Is a Full-Wild Beast compiles the enduring stories of a distinctive American writer. Still, to say that it all began when Sophie Mol came to Ayemenem is only one way of looking at it . . . It could be argued that it actually began thousands of years ago. Long before the Marxists came. Before the British took Malabar, before the Dutch Ascendancy, before Vasco da Gama arrived, before the Zamorin's conquest of Calicut. Before Christianity arrived in a boat and seeped into Kerala like tea from a teabag. That it really began in the days when the Love Laws were made. The laws that lay down who should be loved, and how. And how much.
