Contents: Introduction Doctrines of the Constitution Structure of Government in the UK Subordinate Legislation The Ultra Vires Doctrine Judicial Review Natural Justice Ombudsmen Tribunals and Inquiries From defamation to dangerous animals, and from negligence to nuisance, Delict Essentials will introduce you to the Scots law of delict. Fully updated for the third edition, this concise guide will give you the key facts that you need, whether you're a busy law student revising for those all-important exams or a professional practitioner looking to brush up on your knowledge. It will also be useful for those studying comparative criminal law or tort across different jurisdictions. From confessions and character evidence to judicial admissions and conducting a trial. Evidence Essentials will guide you through the law of evidence in Scotland - the ideal text for new students and for that all-important exam revision. Now in its third edition, you can be sure that the book is totally up-to-date. Summary sections of Essential Facts and Essential Cases will help you to identify, understand and remember the key elements. Looking at the UK and Scotland, Public Law Essentials is an invaluable guide for law students throughout the United Kingdom and for practising lawyers needing a quick reference. From the monarchy to the UK and Scottish parliaments, and from judicial review to the parliamentary ombudsman, this fully updated second edition gives you all the coverage of public law that you need for your course, your exams and your practice. In particular, the Scots law sections have been updated in light of the Smith Commission and the Scotland Bill 2015-16. Handy reference sections include tables of cases, statutes and conventions, and summaries of essential facts and cases. The law of contract forms the basis of our civil society. Without the law of contract we could not buy food, clothing or a place to live, nor could we book holidays, run a business or manage a football club. But contract law is complex and intricate, and disputes over contracts have led to a wealth of court cases over the years. This updated third edition gives you a clear and concise guide to the basics of the law of contract as it pertains to Scotland, from what a contract is to how they are formed, terminated and breached, and from third-party rights to cross-border contracts. This textbook is designed to give students all the background and contextual information they will need to understand the regulatory structures that enable public and urban planning in the United Kingdom. Aimed at beginning students with little to no previous knowledge of law or planning, it enables them to understand the intersections of law and planning and more deeply engage with either subject. This study and revision guide provides a clear account of the structure of Roman government and society: its sources and development of Roman Law, the three keystones of Roman Law - The Law of Persons, The Law of Things and the Law of Actions - and the reception of Roman Law into medieval Canon Law and the Ius Commune. Discover how the law of evidence operates within Scotland, and in the larger context of UK and European laws of evidence. The new edition has been updated to take account of case law developments since the last edition, plus the Double Jeopardy (Scotland) Act 2014, the Criminal Justice (Scotland) Act 2016 and changes made to the law on vulnerable witnesses by the Victims and Witnesses (Scotland) Act 2014. Helpful student features include Essential Facts and Essential Cases for each chapter. A tailor-made text for students undertaking the Cert/Dip HE Law, HNC in Law or the BA in Law. It is also a suitable course text for law elements of the Cert/Dip HE Accounting and the BA in Accounting. Each chapter includes a useful summary section to help students identify, understand and remember key elements. Whether you OCore a student coming to commercial law for the first time, you are studying for your exams or you are a professional who needs to update or refresh your knowledge, this is the study guide that you need. You will quickly learn about the key topics in commercial law and its effects on the law of Scotland. Summaries of essential facts and essential cases will help you to identify, understand and remember the most important elements of the subject. Topics covered include: Sale of Goods, Hire, Agency, Insurance, Rights in Security, Cautionary Obligations, Negotiable Instruments, Consumer Credit, Intellectual Property, Diligence, Personal Insolvency and Commercial Dispute Resolution. Duncan Spiers defines all of the key concepts that students will need to understand in clear language, and then goes on to show how property law applies to different types of property. Much of the new Scottish planning system, legislated by the Planning etc (Scotland) act 2006 and various secondary legislations, has now been implemented, with a commitment to further reforms. Planning Law Essentials explains the current state of planning law in Scotland as a whole, with a focus on the recent reforms. From national to local planning policy, and from applications to appeals, it is an excellent resource for Scots law students, planners, surveyors, land managers, environmental NGOs and community groups. End-of-chapter summaries highlight the essential facts, while the essential cases summaries show how the planning law has been enacted in practice. During the seventeenth century Scots produced many high quality philosophical writings, writings that were very much part of a wider European philosophical discourse. Yet today Scottish philosophy of the sixteenth and eighteenth centuries is widely studied, but that of the seventeenth century is only now beginning to receive the attention it deserves. This volume begins by placing the seventeenth-century Scottish philosophy in its political and religious contexts, and then investigates the writings of the philosophers in the areas of logic, metaphysics, politics, ethics, law, and religion. It is demonstrated that in a variety of ways the Scottish Reformation impacted on the teaching of philosophy in the Scottish universities. It is also shown that until the second half of the century--and the arrival of Descartes on the Scottish philosophy curriculum--the Scots were teaching and developing a form of Reformed orthodox scholastic philosophy, a philosophy that shared many features with the scholastic Catholic philosophy of the medieval period. By the early eighteenth century Scotland was well placed to give rise to the spectacular Enlightenment that then followed, and to do so in large measure on the basis of its own well-established intellectual resources. Among the many thinkers discussed are Reformed orthodox, Episcopalian, and Catholics philosophers including George Robertson, George Middleton, John Boyd, Robert Baron, Mark Duncan, Samuel Rutherford, James Dundas (first Lord Arniston), George Mackenzie, James Dalrymple (Viscount Stair), and William Chalmers. How does law protect your ideas and privacy in Scotland and the UK? The Scots common law of property is strongly realist in its concepts, and restricts itself to tangible objects - objects, land, things attached to the land. But what about non-physical property, such as your intellectual property and your private personal information? These types of property are of increasing importance in this technological age. From copyright to patents, from data protection to freedom of information, and from e-commerce to cybercrime, Intellectual Property Law Essentials explains how UK statute law protects and regulates your information and ideas. End-of-chapter summaries of essential facts highlight the key things you should have learned, and summaries of essential cases show how the law is enforced in practice. A course on the Scottish legal system is a compulsory part of undergraduate degrees in Scots Law. The Scottish Legal System sets out to present the 'legal system and law of Scotland as a unique and constantly changing human enterprise' and places the Scottish legal system in its broader political and social contexts. This is achieved by covering not only the central aspects of the system, such as the courts and the legal profession, but also the border areas with constitutional law and jurisprudence. This new sixth edition includes new case law on devolution and human rights issues in Scotland. This well established text provides an up-to-date treatment of all significant developments affecting the Scottish legal system. "e;Recognising the multi-faceted nature of this Scots law, Francis McManus and Eleanor Russell have produced this all-encompassing guide to delict. With numerous case studies and questions for discussion after each chapter, this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice. The Scots law of delict encompasses a vast array of legal sources and contradictions. Many elements are modern and highly developed while others remain ancient and obscure. The majority of delictual principles are case law driven yet, increasingly, legislation plays a part. Further, although the concept of delict is limited to the Scottish jurisdiction, private international law cannot be ignored. "e; Company Law Essentials is a clear and concise study and revision guide for students. It contains all the essential information students need when preparing for exams and includes useful summary sections of essential facts and essential cases. An invaluable text which students can use to gain a quick understanding of a new subject, to help them through a course, or as an aid to revision for exams. This book is also an excellent resource for those who need to refresh their knowledge of company law. Fully updated for the third edition, this invaluable guide will quickly equip you with all the basics of the Scottish legal system. Perfect if you're studying Law in Scotland, law in mixed jurisdictions or comparative law, or looking to convert to Scots law. Legal Method Essentials is an invaluable study guide for students. It provides up-to-date, concise and comprehensive coverage of Legal Method and is the ideal text for students who come new to the subject and for those preparing for exams. This book is also an excellent resource for those who need to refresh or update their knowledge. Summary sections of Essential Facts will help students to identify, understand and remember the key elements of the subject. This book gathers leading experts in the field to analyse the recent, major changes in Scots criminal evidence law. The areas affected include: police questioning of suspects, the treatment of vulnerable witnesses in court, hearsay, the admissibility of the accused's previous convictions, the Crown's duty of disclosure and corroboration.
