An unshaven, evasive and chastened man in the small old mill city of Norton is recognized as he tries to hide from his past. The man, Jack Webster, is revealed as once having been the fabulously popular host of a nightly televised lottery drawing show, as well as the most renown sports anchor in the city of Boston and the envy of all who knew him. Looking into the past, we see Jack top of the world, but there are dark tidings as Jack's seemingly perfect life is not quite as wonderful as it appears. Thirty-three years old and submerged in the partying lifestyle of a local celebrity, Jack hatches a scheme to fix the very lottery drawing he hosts on television every night. Back in today's world, Jack—solely in order to get close to a young woman—cynically joins Earthpeace, a group of environmental activists opposing an airport expansion guided by the long-sitting Senator Shea to the doorstep of the powerless working-class city of Norton. Entirely insincere in all he does and on the cusp of regaining all he'd lost, Jack finds himself at an unexpected crossroad. Triple Six Fix is the dramatic telling—with foreshadow and flashback—of the rise, fall and ultimate fate of Jack Webster, a beloved local celebrity who crashes from great heights and who schemes again to regain what he'd lost. Whizz, gooey, pink champagne, base: the recreational and pharmacological use of 'Speed', from Amphetamine Sulphate to Crystal Meth is a cultural habit which has existed since the early 1900s. Although considered a cheap and somewhat filthy habit, amphetamines have tempted an array of celebrities, including Elvis Presley, Truman Capote, The Beatles, Jack Kerouac, Johnny Cash, JFK and Adolf Hitler: All were at some point - to be blunt - speedfreaks. Speed-Speed-Speedfreak traces the cultural and criminal use of amphetamine and its unholy growth. Katharine Susannah Prichard was born in 1883 to Australian parents then living in Fiji, but she grew up in Tasmania, lived for a while in both Melbourne and London before finally settling in Western Australia. She was one of the co-founders of the Communist Party of Australia in 1921, and her status as a communist and a female writer led to her being frequently under surveillance and harassment by the Australian police and other government authorities. She wrote *The Black Opal* in 1921, and the novel focuses on the very close-knit opal-mining community living and working on Fallen Star Ridge, a fictitious location set in New South Wales, Australia. Life is hard for the miners as their fortunes rise and fall with the amounts and quality of black opal they can uncover. Black opal is a beautiful mineral with fiery gleams of color, much valued for jewelry. Finding productive seams of such opal is a matter of both hard work and good luck. The novel is a well-drawn study of the relationships of the people living on the Ridge, and the two main characters are portrayed with clarity: Michael Brady, an older man much respected by the other miners for this knowledge and ethical approach, and Sophie Rouminof, a beautiful teenage girl who is the darling of the camp but who abruptly runs away to America after being disappointed in love. Despite the difficulties the individual miners face, there is a community spirit and an agreement on basic values and principles of behavior at the Ridge. But this community of shared endeavor is eventually jeopardized by the influence of outsiders, in particular an American who wishes to buy up the individual mines, operate them under a company structure, and simply pay the miners a salary. This conflict between capitalism and honest manual labour becomes one of the most important themes of the work. When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response.
