Forgotten Wings Feb 27 2023 Is your life filled with Life? Or do you feel that somehow you're missing the point but don't quite know why? We are all born with glorious powerful wings that will carry us through life joyfully and effortlessly if we let them. But all too often we forget their existence and they lie dormant and unused. In *Forgotten Wings*, Dawn Henderson offers us 10 simple keys to remembering our wings and opening up to the magical and limitless potential of life. Knowledge that seems new but is as old as existence. Through the insights, wisdom and reawakened knowing she has received on her own ongoing voyage of spiritual discovery, Dawn reminds us of who we truly are and why we have chosen to play this game of life. Guiding us gently by the hand, Dawn shows us how, by changing the way we perceive these 10 key areas, we can reawaken our wings and open them once again to the light. Spread Your Wings Dec 25 2022 The inner city of Baltimore was not what I had pictured in my dreams. The streets were filled with hoodlums, with violence, and they were filthy. Who knew-even murders might have been committed on Washington Street. This was not the place for a kid from the suburbs who loved playing Cowboys and Indians. As my dad called, I knew we were here for good in our new old row house. Thus begins the new novel from Louis Tabor, a story inspired by his own childhood in the inner streets of Baltimore. The

When Wings Expand Apr 29 2023 Winner of the Unpublished Muslim Writer's Award 2011. She wrapped her arms around me and said, "Nur! I know. I don't want to go. But all I can do is keep trusting in Allah. Nur, I will always be with you! My love and advice will always be with you to guide you in the right direction." She patted

my heart. "They are forever sealed inside this little place." Writing on the pages of her journal, Nur, a teenage girl in Canada, charts the onset and advance of her mother's cancer. Nur watches her mother's body begin to shrink and her mood begin to darken. And when family and friends begin to encroach, Nur must face the prospect of her mother's looming death. Nur bears the crushing loss and finds her adolescent life more demanding and complex. But with the legacy of her mother's love, her family's support, and the guidance of her faith, she manages to overcome the searing pain and use her newfound strength to bring joy to the lives of others, showing them that after death wings can expand. Butterfly Wings Oct 23 2022 A chance encounter on a plane throws together Doha, a fashion designer unhappily married to a leading figure in the Mubarak regime, and Ashraf, an academic and leading dissident. The story of their relationship and Doha's self-discovery runs alongside a young Egyptian's search for the mother he never knew, and these intersecting narratives unfold against the background of political protests that culminate in the overthrow of the regime. A moving and at times humorous story, *Butterfly Wings* is an extended allegory of Egypt's modern experience of authoritarian rule and explores the fractures and challenges of a society at the moment of revolutionary transformation. Mohamed Salmawy's almost prophetic novel was first published in Arabic immediately prior to the events of 25 January 2011, and has been celebrated as 'the novel that predicted the Revolution.'
